SQL | React | UI Design

Soft Skills

Communication | Leadership | Management |
Conflict Resolution | Teamwork | Problem Solving

Tools

MS Office (Word, Excel, Power Point)
Google Workspace (Docs, Sheets, Slides)
IDEs (Visual Studio Code, PyCharm, Figma)

CO-CURRICULAR

Secretary of SIGHT Society

IEEE Student Branch ADIT

Projects

Fruit-Hub

- Our project, the Fruit Recognition App, addresses the need for accurate information about fruits and vegetables.
- Using deep learning technology, we developed a mobile app that identifies fruits from images taken by users.
- The app provides nutritional information and cultivation guidance.
